

RMZ Ecoworld 30- Redefining modern workplaces in the post pandemic era

In the new normal, real estate is evolving into a spectrum of flexible spaces. There will be new choices and decisions to deal with, like having the option of a fixed hub or a core office, and a range of locations for teamwork or meeting clients. Amidst these alternatives, RMZ Corp is defining new standards for wellness, creativity, sustainability and collaboration at the workplace, with their Avant Garde approach to design.

RMZ Ecoworld 30, a joint venture with Mitsui Fudosan Co. Ltd., is one such example that redefines the modern workplace like no other. Just a short walk from the office, Ecoworld30 presents a new outlook of convenience and perceptions about what a workplace should feel and look like.

If you had to take a quick break from work to refresh the mind, then RMZ Ecoworld 30 is the place to be, with its premium retail outlets, monumental art, diverse culinary experiences and a myriad convenience options that contribute to a holistic work ecosphere.

What accentuates the space more is the lakefront promenade as well as the lush greenery. Food and beverage and retail outlets, indoor and outdoor wellness options, a water recycling system, a rainwater retention pond, and community enriched experiences that include social lobbies, marketplaces, and a kiosk are just a few of the attractions. Those looking for a culinary excursion can find a choice of eateries and

ECOWORLD 30

fine dining options. These are locations that are easy to discover, vibrant and entertaining, and provide on-site services. Because of the safe locations and smart building designs, it is a place where people look forward to work, shop, eat, and make

their every day count.

The space is designed as a functional work-leisure area that transforms the face of Bangalore's IT parks. Natural light, fresh air, water bodies, and greenery all contribute to stress reduction, greater productivity, and improved immunity. RMZ Ecoworld 30 is

enrolled for LEED Gold Rating and IWBI certification targeted with a pre-certified LEED Platinum for the base building. With a lakefront promenade, RMZ Ecoworld30 has F&B retail, lush green landscape spaces and offers a host of conveniences and experiences, making it the ideal business space in Bengaluru.

The project is part of RMZ's "Hyper Growth-Vision 2025," which plans for the development of approximately, 85 million square feet of managed assets. The partnership represents a shared desire to expand into key Indian cities in the future.

RMZ Ecoworld 30 is an architectural marvel with 4 towers across 3.55 MN total SFT. It stands tall among the pantheon of Bengaluru's top IT parks, lifting the bar for Bengaluru's IT parks to a whole new level.
